

## **SMART WI-FI FOR YOUR SMART HOME**

Meet Vilo. *LTD*  
*Broadband's* Solution for  
better Wi-Fi Coverage  
and Advanced  
Management Features

**UNLEASH THE  
POWER OF MESH**  
MESH WI-FI BLANKETS YOUR  
ENTIRE HOME WITH STRONG  
AND FAST WI-FI SIGNALS

### **Say Hello To Mesh Wi-Fi**

More of us are working from home, learning remotely, and investing in smart home upgrades than ever before. But this means that our home Wi-Fi networks are really being put to the test...

### **What is Mesh?**

With several routing devices wirelessly connected to each other, a mesh system broadcasts your Wi-Fi signal through multiple access points, eliminating any dead spots in your house and allowing you to roam free without ever having to connect to a different network.

**UPGRADE  
FOR ONLY  
\$10/MO.**

## Easy App Management

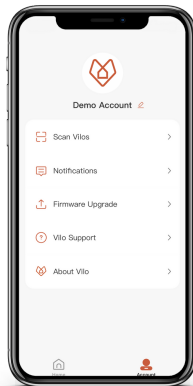

The Vilo app allows you to easily control your Wi-Fi network right from your phone.

### Set Up a Guest Network

Create a guest network to share with friends and family. With the option to set network duration, you don't have to remember to turn it off..

### Manage All Your Devices

See which devices are connected to which Vilo, and with a quick touch of your finger, block the unrecognized device from connecting to your home network.

## Network Insights

### View Data Usage

Keep a tab on data usage for all your connected devices as well as the overall Wi-Fi network.

### Check Network Status

Monitor the health of your network and optimize its performance, all with a touch of a button.

## Whole Home Coverage

A mesh Wi-Fi system can cover your entire home in strong Wi-Fi signal. That attic office, the basement mancave, no matter the location with a mesh Wi-Fi system we can bring Wi-Fi signal to any corner of your home

## Parental Controls

Set time limits for your kids' online activities, and blacklist websites with inappropriate content.

## Enhanced Support

With a managed Wi-Fi solution we are able to more quickly troubleshoot any issues should they arise, making your Wi-Fi experience even easier.
